## Relevant experience

**Dotu** – Planning apps for theatres 

**Front-end** 2019 – 2020

**Front-end lead** 2020 – Present

**Responsibility:** Deliver robust high-quality front-end focused on user experience, accessibility and extensivity. Build component architecture and created reusable design system.

**Achievements:** Dotu UI is implemented in 4 apps that continue to grow. The apps are used by major theatres in Czech republic.

[www.dotu.cz](https://www.dotu.cz) 

**After Russia** – Anti-war opposition in Russia 

**Tech lead** 2022 – Present

**Social media** 2023 – Present

**Responsibility:** Found the project, build the web app. Setup of publication workflow, automation solutions. Manage the social media team and write occasionally.

**Achievements:** Stable team of 30+ volunteers across the world. Regular pipeline of content. Growing outreach to European audience: by publication or attendance to conferences.

[www.after-russia.org](https://www.after-russia.org) 

**Dr-Abe** – Full-stack development in team of three 

**Full-stack developer** 2016 – 2017

**Responsibility:** Full-stack web solutions, mostly powered by PHP-based content management systems. Leading the projects for cultural organisations (such as [Prague Philharmonic Choir](#)).

**Achievements:** Successful launch of 10+ projects, some of which I led.

[www.dr-abe.cz](https://www.dr-abe.cz) 

**Freelance** – Full-stack web solutions 

**Full-stack developer** 2014 – Present

**Responsibility:** Solutions focused on sustainability and good UX for both the user and the owner. Using WordPress at first, later Next.js with a CMS solution.

**Achievements:** Launched 30+ projects, mainly for cultural organisations. Stayed in long-term cooperation with some of them. Moderated [WordCamp Prague](#) developer section.

**Tvar** – Renowned literature magazine in Czech republic 

**Tech lead** 2014 – 2017

**Responsibility:** To lead the magazine into a digital world while making it a stable and sustainable process. Pitching new formats ideal for the online world. Establishing online subscription.

**Achievements:** Launched a robust website with new digital-friendly formats: Podcasts, online revue, public polls, networking. Digital archive of past issues with full-text search. Online subscription almost doubled the income of the magazine.
