Dr-Abe – Full-stack development in team of three

Full-stack developer 2016 – 2017

**Responsibility:** Full-stack web solutions, mostly powered by PHP-based content management systems. Leading the projects for cultural organisations (such as [Prague Philharmonic Choir](#)).

**Achievements:** Successful launch of 10+ projects, some of which I led.

[www.dr-abe.cz](https://www.dr-abe.cz)

Freelance – Full-stack web solutions

Full-stack developer 2014 – Present

**Responsibility:** Solutions focused on sustainability and good UX for both the user and the owner. Using WordPress at first, later Next.js with a CMS solution.

**Achievements:** Launched 30+ projects, mainly for cultural organisations. Stayed in long-term cooperation with some of them. Moderated [WordCamp Prague](#) developer section.
